Temperance Life-Bitters,

AND CHINESE BLOOD-PILLS

☞The Greatest Secret Discovered! ☞

PURGE purge purge has been the cry for the last few years. This has been effectually tried and yet sufferers have multiplied and died; and why? Not because purging was not necessary, but too much has been done without the tonic to follow and sustain the system. Purge you must the sickly humors of the blood must be carried off or the accumulation of them prevented. Prevent then the growth of such humors,

Why do the Chinese live to such immense ages, and still retain the powers of youth or middle age? Because they purify the blood. *The Chinese* BLOOD *Pills* so called because they work upon and cleanse the blood—are the standard remedy. These Pills will do it, and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of the base humors which infest the blood, and which only increase by purges unless the Bitters are taken after. Buy then, these Pills and Bitters. Take weekly the Pills and daily the Bitters and if you are or have been invalids for days weeks months or years, you will find the sickly humors drawn off and prevented from a return and the *sallow yellow hue* of sickness change rapidly to the *full blooming glow of health and youthful buoyancy.*

There are cases so numerous of these brilliant effects, that time and space forbid an attempt to put them down. Buy and use these medicines, and *use no other* and health and strength shall be yours. See wrapper and directions that come with them.

FRAUDULENT COUNTERFEITS will be attempted, Buy no remedy of the kind unless it have my name O C LIN M D. on the wrapper and also the notice as follows

"Entered according to Act of Congress, A D 1841 by THOS CONNEL, in the Clerk's Office of the District Court of the United States for the Southern District of New York"

PHENOMENON IN CHEMISTRY

East India Hair Dye.

Colors the Hair and will not the Skin!!!

THIS Dye is in form of a Powder which in plain matter of fact may be applied to the Hair overnight, the first night turning the lightest *red* or grey hair to a dark brown and by repeating a second or third night, to a bright jet black. Any person may therefore with the least possible trouble, *keep his hair any dark shade or a perfect black*, with a positive assurance that the powder if applied to the skin *will not color it*. *There is no trouble in removing it from the hair, as in all powders before made.* By an occasional application, a person turning grey will never be known to have a grey hair! Directions complete with the article. There is no *coloring* in this statement, as one can easily test.

☞*These facts are warranted by the gentleman who manufactures it, who is the celebrated chemist Dr Comstock author of Comstock's Chemistry Philosophy and many other works well known and widely celebrated by the public*

PROSPECTUS OF THE

Maine Farmer and Mechanics' Advocate

(NEW SERIES) E HOLMES, Editor

THE proprietors of the MAINE FARMER, in accordance with the suggestions of their friends, and with a view to meet the wishes of a large number of their subscribers, have come to the conclusion to make a change in the form and size of the paper, on the first of January next. It will be about double the size that it now is.

They propose to issue a paper, once per week, in a large folio size, to be called MAINE FARMER AND MECHANIC'S ADVOCATE. One page is to be devoted exclusively to Agriculture one to Mechanical subjects frequently illustrated with engravings one page to the current news of the day with the proceedings of the Legislature and of Congress when those two bodies are in session and the remaining page to be devoted to miscellaneous reading, poetry advertisements &c

They presume it is not necessary to enlarge upon the peculiar character or future course of the paper now offered to you. The Maine Farmer has been in existence nine years, steadily and perseveringly devoted to the interest of the productive classes. It will continue, as hitherto, a steady and undeviating friend to the Farmers and Mechanics, zealously urging forward the spirit of improvement,—and encouraging the efforts of honest industry. Many of our most practical Farmers have long been engaged in contributing to the columns of the Farmer. These as well as others will continue their aid and assistance in the Agricultural portion, and we have the assurance of many excellent Mechanics that they will also contribute to the columns of their department.

Terms $2 per annum. $2 50 will be charged if payment is delayed beyond the year.

☞Any person who will obtain six responsible subscribers and act as Agent shall receive a copy so long as he keeps that number good, for his services.

New READING BOOK for Schools.

THE MONITORIAL READER, or a Monitor to Youth, holding up to their view Models whereby to form their own Characters. BY DANIEL ADAMS, Author of Adams's New Arithmetic

EXTRACTS FROM THE PREFACE

"THE MONITORIAL READER possesses distinctive traits. The object is to supply what is believed to be the great desideratum in our schools a series of exercises relating to what concerns the practical matters of life truth, integrity, honesty, industry temperance, forethought frugality, patient endurance of adversity and whatever else tends to form and fix the character of youth

We wish to impress it on the minds of those into whose hands these exercises shall come now in this seed time of life, what is here so abundantly inculcated, that Every man is emphatically the architect of his own fortune' that with themselves it lies whether they shall ever be any thing or nothing that a monied capital to begin with does not weigh a feather in the balance for or against them that coming into life with health, strength, capacity for labor good education, a useful and respectable trade, habits of industry sobriety punctuality frugality, and above all with a GOOD AND UNSULLIED CHARACTER they have the best of all capital a moral capital the noblest of all power moral power and the most certain means of honest and honorable accumulation and fortune and may be sure, under circumstances ordinarily propitious to rise to that competency of influence respect and general confidence and that honorable measure of wealth and independence, which should fully satisfy a reasonable and virtuous ambition '

EXTRACTS FROM RECOMMENDATIONS

The influence will all be found on the side of virtue, morality and religion. Occasional comments are given. Difficult or unusual words are defined. Prose and poetry are suitably intermingled. It is hardly to be imagined that this book should fail of popularity. It certainly would not, had it not so many competitors that have got the start of it in the race. As it is its mettle is such as to give it fair promise of ultimate success in the contest. Boston Recorder

Dr Adams. Having examined to some extent your Monitorial Reader I am pleased with its plan its object and the manner in which it has been executed. It seems adapted to the intellectual and moral improvement of those for whose use it was designed. I trust it will prove to be what its author fondly anticipates

(Rev) Z S BARSTOW, Keene

It is just such a book as our New England boys and girls will be glad to see for it inculcates in a pleasing manner industry, frugality truth honesty temperance, peace kindness, fortitude, and a cheerful piety. The Vocabulary at the end, and the arrangement for defining words will add to its value in the hands of a judicious teacher

(Rev) ABIEL A LIVERMORE, Keene

We have also recommendations from a number of individuals and periodicals among which are D Crosby, Preceptor of the High School Nashua, J Newton Brown, Professor of Theology at New Hampton. It is also adopted by the Associations of School Teachers in Cheshire and Hillsboro counties, and by the School Committee of Concord

About 8000 copies have been published, and mostly disposed of

THE LION OF THE DAY.

THE OLD VEGETABLE OR GERMAN PILLS

☞*POSITIVE, OR NO PAY*

THEY are highly recommended by Dr Valentine Mott, of the city of New York. A medicine to prevent the attacks of disease to keep the system in healthy action, and to eradicate as soon as possible every disease as soon as it appears, has been the great study of medical men for many years without success. The subscriber however not expecting his Pills to cure all the ills which flesh is heir to, confidently recommends them as certain and efficacious in the following: Headache, Jaundice Dyspepsia, Cholic, billious, remittent and intermittent Fevers, diseases of the Liver, and Spleen Female Obstructions Rheumatism Foul Stomach Dizziness of the Head, Loss of Appetite, Weakness, and trembling of the Limbs, Nausea, or sickness at the Stomach Flushings of the Face, Summer Complaints Measles Scarlet Rash, and will be found invaluable in complaints of the Digestive Organs and particularly those arising from impurity of the blood. As a preventive against Fevers, no persons should go to a warm climate without a box of these Pills, they are entirely of vegetable ingredients and can be taken safely without fear. Price 37½ cents a box

To the Honorable Senate and House of Representatives of the State of Maine in Legislature assembled

THE Proprietors of the Penobscot Boom Corporation respectfully represent, that they have been at great expense in erecting the Penobscot Boom for the protection and security of the Logs which annually float down the Penobscot River

And for the protection security and delivery of these Logs to the rightful owners and claimants your petitioners are at a great annual expense

To protect the interest and meet the convenience of the public, large sums of money must necessarily be annually appropriated by the proprietors to defray the expenses of the Booms

For the encouragement of the Proprietors to enable them to meet these appropriations and expenses and to put the Booms annually in a condition to meet the wants and convenience of the public, your petitioners would humbly pray that they may be allowed a fair, reasonable and adequate toll or boomage upon the Lumber which is annually secured and protected in their Booms, and that they may have a sufficient lien upon the Lumber to secure the payment of such Boomage and other expenses and that the Legislature in their wisdom will adopt such regulations as to Toll and Boomage as shall be for the mutual benefit of your petitioners and those whose Lumber they secure and protect and as in duty bound will ever pray

Bankrupt Law---Political Prospects.

The correspondent of the New York American, thus writes: "The repeal of the Bankrupt Law will probably pass the House by Saturday night. The Senate, next week, will probably modify it into a postponement of the operation of the Bankrupt Law for one year! All very well, I say. The Bankrupts will have something to go to the polls for next fall. Those of New England, New York and Pennsylvania will know who their friends are by that time!

What's the matter with you and all the rest of the Whig editors in the great cities? You talk very gloomily somehow lately; but don't be scared! They only laugh at your forebodings here. We see a way out of the darkness. It is rather heavy weather certainly. But we'll have a clear northwester all at once in a few weeks, that will give us a start, with a clear sky. More about it soon.

On Benefits.

The greatest benefits, of all are those of a good education, which we receive from our parents either in the state of ignorance, or perverseness, as their care and tenderness in our infancy; their discipline in childhood to keep us to our duties, and if fair means will not do, then proceeding afterwards to severity and punishment, without which we should never have come to good. *Seneca*

The better way is to have a permanent system of revenue equal to the expenditures of government. To oppose a revenue, and expect to get along without the curse of a national debt is preposterous.

State Treasurer's Report.

TREASURY OFFICE,
Augusta, Jan. 1, 1842.

To the President of the Senate, and Speaker of the House of Representatives:

In compliance with the provisions of the Constitution and laws of the State, I respectfully submit to the two Houses of the Legislature, a detailed account of the state of the Treasury, as it is existed on the 31st December, 1841.

I would embrace this opportunity to submit a few thoughts to your consideration, that arise naturally from an examination of the financial concerns of the State. Its debt, though small compared with the debt of most of its sister States, is yet so large that every citizen must feel an interest in its extinguishment. No subject of more universal interest, will come before this Legislature, than the establishment of a system of action, gradual and certain in its operation, which will, in a series of years, without its being very sensibly felt, relieve the State from its embarrassments.

There appears to be but one practicable way, by which the claims against the State can be finally settled; and that is by raising, *each year*, a sum more than sufficent to meet all expenditures; a way demanded alike by sound policy, good faith and common honesty.

We have but two important sources of income, separate from what may be raised by a State tax; the proceeds of the sales of our Public Lands, and the Bank tax; the latter having for many years, been appropriated to the support of our primary schools, has added nothing to the available means of the Treasury.

We have always flattered ourselves that the State would ultimately reap rich revenues from her public lands, but experience, thus far, has not confirmed this expectation. It will be perceived, that during the past year, there has been an increased revenue to the State from this source, and we may hope that such will be the case for the future. But it ought not to be expected, that from this source enough will, in any year, be realized to meet the expenditures of the State. Neither is it to be desired, for in the sale of its lands, the State should have a higher object in view, than that of obtaining the largest amount of money, in the shortest possible period. Its object, no doubt, should be to provide for the happiness and prosperity of its citizens, rather than to foster and encourage that spirit of speculation, which is so adverse to both.

From the Bank tax, we shall probably, during the ensuing year, receive a fraction over thirty thousand dollars (30,000.) To what purpose shall this be applied? Shall it be used by the State for its own necessities? The tax was originally demanded of the Banks for this purpose, but the people have undoubtedly required, in years past, its appropriation to primary schools. A free people, resolute in the determination to continue so, will always insist upon the maintenance and encouragement of free schools; a wise people will be anxious to pursue the best means for obtaining that end. And it may be questioned, whether those most interested, would at this time, and under existing circumstances, think it advisable to continue this distribution, when the amount would be so inconsiderable to each scholar, as it must be for the future. While the Bank tax, for several years, has been annually diminishing, the number of scholars, for whose benefit it has been used, has been rapidly increasing. In the distribution of this fund for the present year, (the Bank capital returned [illegible] a fraction over fourteen cents, a sum too small to be of any practical benefit. Further, it may be, and has been doubted, by those who have taken the deepest interest in the instruction of youth, whether those schools are most useful and efficient, which are in part or entirely supported by funds derived from foreign aid, or those maintained by money raised and expended directly by those most interested in such expenditures. I think I am safe in saying, that the observation of parents, during the eight years in which the State has contributed to the education of their children, has taught them that schools may be, and scarcely without an exception are, maintained with more economy, and far greater usefulness, when that maintenance has not been obtained from foreign sources, but from taxation or contribution. Principals are more careful, more watchful, and more economical than agents. Parents will be more careful that money, in its entire amount, paid by themselves, shall be expended to advantage, than when acting as agents, they expend money furnished by the State. The money is wanted, and must be had to meet the demands upon the Treasury. Can it be a sound or wise policy for the State to pay a sum of money to the towns, and immediately call upon the towns to pay it back, saddling them with the unnecessary expense of assessing and collecting it? I would respectfully suggest the expediency of adding the Bank tax to the available funds of the State.

I would call the attention of the Legislature to that portion of the Militia law, now just going into operation, relating to the pay of the Militia. The sum which will be required for this purpose, during the present year, will not, in the opinion of those most competent to judge, vary much from thirty thousand dollars, and this sum must be annually increasing. It is a generally received opinion, that the Militia should be paid for its services. While the public have a right to demand, for certain purposes, a citizen's property or a citizen's time, the citizen has a reciprocal right to demand a remuneration for both. But is it wise so raise a tax for any purpose, which, passing through the hands of the State Treasurer, is remitted to the same towns, to be distributed among its own citizens? Would not time and money be saved, by paying the Militia directly from the treasuries of the towns? Those who have had occasion to observe proceedings, when Selectmen of the town, on days of inspection and review, have been paying the officers and members of a company, undoubtedly have noticed many receiving money who have done no other duty than that of standing in the ranks till the paymasters have passed. Instances have occurred where whole companies have been paraded without arms or equipments, and after receiving their pay for that day's service "for their country's good," immediately dispersed, not to assemble again till another similar opportunity for plundering the public should occur. Money raised directly from the pockets of the payer and receiver, would not be thus shamefully squandered. As a matter of economy, and a saving of time and trouble, I would suggest the expediency of so far altering the Militia law, as to make it incumbent upon each town to pay its own Militia.

As an additional mode of retrenching the State expenses, I would renew a recommendation made by a former Treasurer, that the costs of criminal prosecutions should no longer be a charge upon the State, but upon the Counties where they accrue. If such a charge be made, prudential officers will be more severe in their examination of charges. More care and vigilance will be used in the collection of fines and forfeitures, and also in the collection of costs against towns and individuals. The aggregate sum paid by the Counties will be much less than is demanded of the State now, and an important item stricken from our yearly expenditures. The general principle governing all the suggestions I have made before, applies here also, to wit, the nearer you can bring the tax payer and the tax receiver, the more economy will be practiced.

There is an inequality in the present mode of promulgating the laws of the State, to which I would take the liberty of calling the attention of the Legislature, as connected with the expenditures of this Department. As the laws are now published and distributed, each paper, whether with a circulation of three hundred or three thousand copies, receives from the State the same remuneration. This is unequal, expensive and unjust in its application, and calls for legislative action.

It is hoped that provision will be made by Congress, at its present session, for satisfying the large claim Maine has upon the U. States. The amount received from this source, and whatever sums may come into the Treasury from the distribution of the proceeds of the United States public lands, should be added to the balance of each year's receipts above the expenditures, for the creation of a sinking fund.

If the above recommendations are adopted and carried out, and an annual tax of two hundred thousand dollars be raised, we shall be enabled to keep the credit of Maine, where it now stands, with the first in the Union, and ultimately to pay our debts to the utmost farthing, without serious injury or even inconvenience to our citizens.

On the 7th of May last, in obedience to a Resolve of Oct. 21, 1840, I called on Brooks Dascomb, executor of the last will and testament of the late Bryce McLellan, and demanded of him the sum of five hundred dollars, bequeathed to the Insane Hospital. The bequest is as follows: "I give to the institution of the Insane Hospital, in Augusta, five hundred dollars, to be paid in two years after my decease, the interest or income of which to be applied annually for the benefit of the institution." Payment was refused, and the reason assigned was, that it was not such an incorporated institution that a compliance with the terms of the bequest could be enforced by legal process. It is for the Legislature to determine what further measures shall be taken to enforce its payment.

The tax for the past year on the Citizens', Frankfort, Washington County, and Globe Banks, and also the last semi annual tax on the Stillwater Canal and Agricultural Banks, has not been collected. Commissioners having been appointed to receive the funds of the several incorporations, it was thought inexpedient, as it would have been useless, to issue warrants for their collection.

Under the Resolve of March 11, 1841, authoring a loan in behalf of the State, of $250,000, I have found it necessary to borrow but one hundred thirty-three thousand dollars, which has been obtained without a loss to the State. It is to be hoped it will not be necessary to borrow any further sum under that Resolve.

The debts which became due the past year, and such as were payable at the pleasure of the State, have been paid, in compliance with the Resolve of April 16, 1841, amounting, in the whole, to the sum of nineteen thousand nine hundred forty dollars.

MAINE LEGISLATURE.

[Augusta Correspondence.]

State House, Augusta,
WEDNESDAY, Jan. 19, 1842.

In Senate, after reading the Journal, Mr. Kavanagh of Lincoln, introduced the following resolves, which were passed, and sent down to the House.

Resolved, That the Senators of this State, in the Congress of the United States, be and they are hereby instructed to call without delay on the President of the United States, for information on the state of the negotiation that has been or is now pending with the Government of Great Britain, on the subject of the North Eastern Boundary of the State of Maine; also for copies of correspondence that have been had thereon between the two Governments, within the last two years, and that they transmit forthwith to the Executive of this State, for the use of the Legislature thereof, the information and copies that they shall so obtain.

Resolved, That the presiding officers of both Houses of the Legislature communicate the foregoing resolves to the Senators aforesaid.

Mr. Pullen, from Piscataquis, then rose and asked to lay the following resolves on the table, which were read and passed.

Resolved, That the death of the Hon. Thomas Davee, member elect of the Senate, from the Eleventh District, is calculated to awaken the sensibilities of the members of this branch of the Legislature, and his public character calls upon us for an expression of public sympathy.

Resolved, That as a member of the State and National Legislatures, and in the various stations to which he was called, his practical good service, and uprightness of purpose, commanded the confidence and respect of the community. In public he presented an eminent instance of the successful discharge of the duties of high and difficult trusts, without previous experience, always exceeding the expectations, and never falling short of the hopes of his friends; in private life he was courteous, affectionate and pure.

Resolved, That as a token of respect for his character as a public man, these resolves be entered upon the journal of the Senate, and to express our sympathy for his bereaved family, a copy signed by the President and Secretary of the Senate, be sent to his afflicted widow.

The Senator from Washington County, (Mr. Leavitt,) then rose and announced the death of the Hon. Wm. Delesdenier, and on motion of Mr. Paris, the Senate resolved, as a mark of respect to the memory of the Hon. W. Delesdenier and the Hon. Thomas Davee, that the members wear crape on the left arm for thirty days. An order was introduced to raise a joint Select Committee to make the necessary arrangements for the funeral of the Hon. W. Delesdenier, and the House concurred, and after sending a message to the Governor and Council, informing them of the proceedings of the Senate. Adj.

In the House, Mr. Dunn of Portland, announced the death of Mr. Sanborn of Cumberland, member elect to this House, after which the House Adj. Yours, P.

Arrest of the Rev. Charles T. Torrey, of Boston, (Abolitionist) at the Slave-Holder's Convention, Annapolis, Md---Great Excitement.

We learn from the Baltimore Clipper that at the session of the Slaveholder's Convention at Annapolis, on Thursday, Rev. Charles T. Torrey, late editor of the 'Free American' in Boston, was *arrested as an Abolitionist!*

It appears that he is an agent of the *Emancipator* and *Star*, abolition journals, has been arrested in Annapolis. He was discovered taking notes of the proceedings of the Slaveholders' Convention, and from writings found in his possession, is supposed to have violated a law of Maryland, which prohibits the circulation of incendiary publications, &c.

He has been remanded to Anne Arundel county jail until Monday next. Great excitement is said to prevail in that city in reference to the subject.

We learn that Thos. S. Alexander, Esq. and a gentleman from Frederick, have been retained as counsel for Mr. Torrey.

CONGRESS.

Important from Washington---The Treasury Note Bill Passed in the House---Action on the Bankrupt Bill.

The Senate did not sit on Friday. In the House the Treasury Note Bill was passed, by calling the previous question by a majority of 43 votes.

There was much wrangling on the Bankrupt Bill.

Many scores of petitions were presented, both for and against a repeal of the Bankrupt Law.

The Speaker presented a memorial from citizens of Kentucky, asking the repeal of the above Law.

Mr. Briggs moved to refer it to the Judiciary Committee, with instructions to report an amendment to the law so as to include Banks.

Mr. Cave Johnson moved to lay the whole subject on the table. This motion was lost. yeas 86 nays 94.

The question then recurring on the proposed instructions of Mr. Briggs.

Mr. Clifford asked to offer an amendment to the effect that the instructions should not interfere with the order of the House, of last week, instructing the judiciary committee to report a bill for the repeal of the law.

Mr. Wise said he should like to know how these instructions of Mr. Briggs could help interfering with the previous instructions to the committee? Mr. W. was put down by cries of "order," and the previous question was called and seconded.

Mr Fillmore asked Mr Briggs if he would not modify his instructions so as to empower the committee to report any other amendment, which in their opinion might be necessary to render the law perfect?

Mr Briggs said he would, and he did accordingly.

Mr Proffit thought this a strange course of procedure, while the committee were now acting under former instructions to report a bill for the repeal of the law.

The cries of "order," "it is not debatable," &c., were again raised, and the noise was so great that it was impossible to hear a word. The speaker exercised himself with his mallet, and mallet members give way to a superior horse.

The motion to lay the whole subject on the table was again made, and was negatived, yeas 100, nays 101.

A motion to adjourn was then made and carried, yeas 101, nays 88.

Mr. Fessenden, Representative to Congress from Cumberland District made an able speech in Congress on Tuesday, while the Treasury Note Bill was under debate. The Washington correspondent of the N. Y. Commercial thus speaks of this gentleman:

"This was an able and convincing speech. Mr. Fessenden is a graceful and effective speaker, but he is too rapid by far in his delivery. His sound opinions, the result of a strong and logical mind's study and reflection, would have much greatar weight and influence were he more deliberate in his mode of giving them utterance. For the rest, he is equal in every respect to the ablest member upon that floor; whether viewed as a sound thinker, an effective orator, a close reasoner, or a clear headed politician."

From Mexico.

The Journal of Commerce has papers from the Mexican Capital to Dec. 18th.

The Diario del Gobierno of the 10th, contains a manifesto of the provisional Supreme Executive, (Santa Anna,) to the nation, accompanied by a decree for the election of Delegates to the new Congress, which is to convene in the city of Mexico on the 1st of June next. The ratio of representation is one Delegate for every 70,000 souls, agreeably to the census, prepared by the National Institute of Geography and Statistics.

The labors of this Congress are to be confined to the single business of framing a Constitution.

WISKONSAN. Gov. Doty has vetoed a bill authorizing the Secretary to borrow a sum of money for the payment of the expenses of the session. His reason is that it makes no adequate provision to protect them against any demand which may be made by the leader, if Congress should not pay it.

NOTICE TO FAMILIES, SHIP OWNERS AND MASTERS OF VESSELS.

ALL LOVERS OF GOOD BREAD are recommended to make use of WM. BROWN'S PORTABLE CAKE YEAST, as it makes the bread much better than the common mode. The Yeast is free from all impure ingredients, makes the bread perfectly white and light, is well adapted for ships' use, and will keep in all climates. It is now in extensive use in Boston, and orders are beginning to be received from all quarters. No better evidence is wanting of its superiority over all other articles used for rising bread than the following Certificate.

BOSTON, May 20th, 1841.

The undersigned having made use of William Brown's Portable Cake Yeast for rising bread, in our opinions this new preparation of Yeast is far better than any other article we have ever made use of, and will make the bread much whiter and very light, and we believe to be free from all impure ingredients.

Signed by the Pastry Cooks at the Tremont House, Pavilion, American House, and Marlboro' Hotel.

It is now in use at most of the Hotels in the city, and on board all the Steamships belonging to Mr. Cunard's line of Packets. A note is just received from John Anderson, Pastry Cook on board the Steamship Britannia, who writes that he has made use of Wm. Brown's Yeast, for making bread, during two voyages across the Atlantic, and can recommend it as far superior to any thing else for rising bread. No vessel should go to sea without it.

The above article is now for sale by the Proprietor, 481 Washington street. Also dealers can be supplied at the manufacturer's price, by Dana, Evans & Co.; Silas Pierce & Co.; Wm. Stearns & Co.; Wm. B. Bradford & Co. Retailed by all the West India Goods dealers in Boston, Salem, Providence, Worcester, Springfield, Hartford and New Bedford.

THE MOST HIGHLY APPROVED MEDICINE.

Now in general use for Coughs, Colds and all Diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is believed to be the most popular medicine ever known in America, for Coughs, Colds, Asthma, or Phthisic, Consumption, Whooping Cough, and Pulmonary Affections of every kind.

Extracts from Certificates.

Dr. Samuel Merrill of Concord, N. H., writes "that he is satisfied the Vegetable Pulmonary Balsam is a valuable medicine, having been used with complete success in cases which had previously resisted the most approved precriptions."

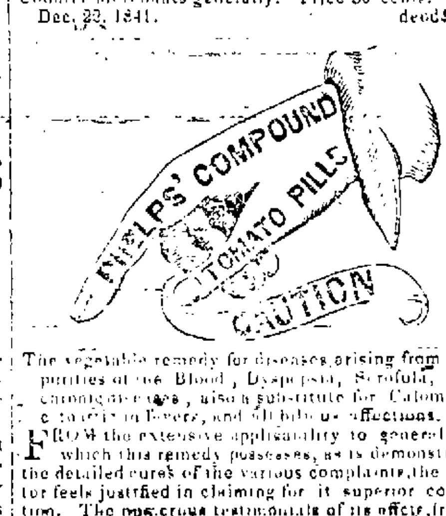

Dr. Timothy Abell of Lempster, N. H., writes that he confidently recommends its use in all complaints of the chest, as equal, if not superior to any other medicine within his knowledge.

Dr. Amory Hunting of Franklin, Mass., writes that after having prescribed the usual remedies without relief, and having consulted with several eminent Physicians, he has found the Vegetable Pulmonary Balsam to have had the desired effect, and recommends it as a safe, convenient and efficacious medicine.

Dr. Thomas Brown, of Concord, N. H., writes that, to his knowledge, it has never disappointed the reasonable expectations of those who have used it.

The vegetable remedy for diseases arising from the impurities of the Blood, Dyspepsia, Scrofula, and all chronic diseases, also a substitute for Calomel, as a cathartic in Fevers, and all bilious affections.

FROM the extensive applicability to general disease, which this remedy possesses, as is demonstrated in the detailed cures of the various complaints, the proprietor feels justified in claiming for it superior consideration. The numerous testimonials of its effects, from physicians, druggists, and distinguished individuals, places it beyond the doubtful remedies of the day and entitles it to special confidence.

These Pills have acquired an unprecedented celebrity as an anti-dyspeptic and anti-bilious remedy; and this reputation being fully sustained by the high character of its testimonials and the increasing demand for the Medicine, it is only necessary for the proprietor to continue the caution, that the public may not mistake other medicines, which are introduced as Tomato preparations, for the true Compound Tomato Pills.

They have no rival in curing billious diseases, dyspepsia, liver complaints, sick headache, jaundice, rheumatism, heart burn, acid stomach, palpitation, loss of appetite, costiveness, &c.

Those who wish the genuine medicine, so highly recommended, entirely vegetable, and prepared by a regularly educated Physician, must be particular to inquire for PHELPS', and see that they are labelled Dr. PHELPS' COMPOUND TOMATO PILLS.

☞ For a full account of this medicine, testimonials, &c., see pamphlets in the hands of all who sell it.

☞ None are genuine without the signature of G. R. PHELPS, M. D., sole proprietor, Hartford, Conn.

☞ For sale in Bangor, by G. W. HOLDEN, G. W. LADD and A. P. GUILD, and by authorized Agents in nearly every town in the state.

A GENTLEMAN belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year 1818 up to recently, been bent nearly double, and for several years confined to his bed, has been restored to good health has regained his natural erect position and has quitted his carriage, and now walks with ease!! LORRAINE'S PILLS,

OR VEGETABLE UNIVERSAL MEDICINE CURATIVE OF THE French College of Health, in Paris.

THE following letter was received yesterday by mail from Salem. It gives another evidence of the great success of *Lorraine's Vegetable Universal Pills.*

SIR I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inutility of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.
J. E. NEWHALL.
Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.

SIR I took one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.
Yours truly, J. B. LIGHT.
Nov. 20th, 1841.

[From Boston Daily Mail.]

Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.

SIR I have been effectually cured of a severe headache by the use of Lorraine's Pills.
SARAH NOYES.

SIR My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c. together with general debility, but has had her health restored by Lorraine's Pills.
Rev. J. KNIGHT.
New York City, Nov. 1, 1841.

Family Medicine.

SIR I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 2rom 25 to $100 per year for medicines and physicians; since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.
Hartford, Conn. July 8.

Lame Back.

Sarah Snow was cured of a lame back in one day, when she had been unable to dress oerself alone for two weeks.

Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

Sick Headache.

Mrs. Bird of Providence says, that 'Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.

The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood.

The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.

The extraordinary virtues of Lorraine's Pills depends upon extracts of over 50 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.

TO THE LADIES.

INTELLECTUAL DEVELOPEMENTS AND PERSONAL BEAUTY CONSIDERED IN CONNECTION WITH DOCT. FELIX GOURAUD'S POUDRES SUBTILES.

The sculptor whose study is to imitate the exquisite workmanship of nature, pourtrays in his model of the human form a broad and elevated forehead. This developement is not only consonant with, but sometimes necessary to the possession of a high order of mental faculty. If a fine forehead is a mark of intellect, it is no less an essential element of personal beauty, and it is of importance to those, and there are many such, possessed of this prominent feature, though obscured by the encroachments of a too luxurious growth of hair, to remove that portion of an excrescence which tends in their case only to deform. This can be done safely, speedily, effectually, and, if used in accordance with directions, without the least inconvenience, by Dr. Felix Gouraud's Depilatory Powders. The fuzze of the lip, when annoying, or the short hair on the back of a ladies' neck, when too apparent the hair of a mole, or the beard, when big upon the cheek, may all be removed, and eventually the roots destroyed, by the use of this preparation.

Manufactured by Dr. Felix Gouraud, 67, Walker street, one door from Broadway, N. York. $1 00 per bottle.

GOURAUD'S EAU DE BEAUTE, OR TRUE WATER OF BEAUTY.

For removing Freckles, Tan Pimples, Blotches, Sores, Burns, and all Cutaneous Eruptions, realizing delicate white hands, neck and arms, and eliciting a healthy juvenile appearance. ☞ $1,00 per bottle.

GOURAUD'S VEGETABLE ROUGE!

Composed materially from flowers and simples, imparts a delicate carnation tinge to the cheek, immovable by perspiration or rubbing with a handkerchief or a linen cloth. ☞ 50 cents per bottle.

HUMAN HAIR.

CLEANLINESS OF THE HEAD AND HAIR.

STRANGE it is that persons who attend strictly to personal cleanliness, baths, &c. should neglect the Head the Hair the most essential the most exposed and the most beautiful when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandruff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this article? I answer fearlessly, No, if you have once tried and experienced its purifying effects its sweet perfume.

A hundred articles have been put forth on the credit of this the only first the only really valuable article. A mass of testimony from all classes to these facts.

LOOK OUT. Counterfeits are abroad; look always for the name of COMSTOCK & Co. on the splendid wrappers, and never buy it without that name.

[*From the Boston Chronicle, Jan. 10.*]

☞ We see by an advertisement in another column that Messrs. Comstock & Co., the Agents for Oldridge's Balm of Columbia, have deputies to sell that article in Boston and elsewhere. We know a lady of this city whose hair was so nearly gone as to expose entirely her phrenological developements, which, considering that they betokened a most amiable disposition, was not in reality very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to miscalled restoratives, purchased, some months ago, a bottle or two of Oldridge's Balm, and she has now ringlets in rich profusion, glossy, and of raven blackness. We are not puffing none of the commodity has been sent to us, and, indeed, we do not want any, for though we were obliged to wear a wig a year ago, we have now, through its virtue, hair enough, and of a passable quality, of our own.

Daring Fraud.

The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used unless it have the signature of COMSTOCK & Co. on a splendid wrapper. This is the only external test that will secure the public from deception.

THE BEST METHOD FOR THE ABOLITION OF DISEASE, IS TO CLEANSE AND PURIFY THE BODY.

Wright's Indian Vegetable Pills, or Indian Purgative,

Of the North American College of Health,

Are now acknowledged to be the best medicine in the world for the cure of

EVERY VARIETY OF DISEASE.

Because they thoroughly cleanse the stomach and bowels of those bilious humors which not only paralyze and weaken the digestive organs, but are the cause of headache, nausea and sickness, palpitation of the heart, rheumatic pain in various parts of the body, many other unpleasant complaints.

THE INDIAN VEGETABLE PILLS, Are also a certain cure for intermittent, remittent, nervous, inflammatory and putrid fevers; because they cleanse the body of those morbid humors which when confined to the circulation, are the cause of all kinds of

FEVERS.

So, also, when morbid humors are deposited upon the membrane, and muscle, causing those pains, inflammations and swellings, called

RHEUMATISM, GOUT, &c.,

From three to six of said Indian Vegetable Pills taken every night on going to bed, will in a short time so completely rid the body of every thing that is opposed to health, that Rheumatism, Gout, and pain of every description, will be literally

DRIVEN FROM THE BODY.

From the same reason, when, from sudden changes of atmosphere, or any other cause, the perspiration is checked, and those humors which should pass off by the skin, are thrown inwardly, causing

HEADACHE, GIDDINESS,

Nausea and sickness, pain in the bones, watery and inflamed eyes, sore throat, hoarseness, coughs, consumptions, rheumatic pains in various parts of the body, and many other symptoms of

CATCHING COLD,

THE INDIAN VEGETABLE PILLS will invariably give immediate relief. From three to six of said Pills taken every night on going to bed, will in a short time, not only remove all the above unpleasant symptoms, but the body will be restored to even sounder health than before. The same may be said of

ASTHMA, OR DIFFICULTY IN BREATHING.

The Indian Vegetable Pills will loosen and carry off by the stomach and bowels those tough phlegmy humors which stop up the air cells of the lungs, and are the cause not only of the above distressing complaint, but when neglected, often terminates in a still more dreadful malady called

CONSUMPTION.

It should also be remembered that the Indian Vegetable Pills are certain cure for

PAIN IN THE SIDE.

Oppression, nausea, and sickness, loss of appetite, costiveness, a yellow tinge of the skin and eyes, and every other symptom of a torpid or diseased state of the liver; because they purge from the body those impurities which if deposited upon that important organ, are the cause of every variety of

LIVER COMPLAINT.
